RECOGNIZED BY WORLD TAEKWONDO

Inspired by the breathable fabric material used in today's sports, Tusah incorporated that material to construct the premium sparring uniform. Tusah's Cool-sense technology quickly absorbs moisture and circulates it outwards for a cooler/drier feeling.

The uniform is designed to feel light & flexible for extreme mobility, simultaneously durable. It is combined with mesh panels in certain heat trapped areas for more air circulation.

Made in Korea. 100% Polyester, Extra Features:

A soft spandex band is incorporated in the waist section for extra flexibility and comfort. High quality tags are added to show off a rich coloured attraction.

Premium fighter uniform uses the highest quality fabric and materials. Black Collar Sizes:

Childrens 140cm-160cm
Adults 170cm- 220cm

RECOGNIZED BY WORLD TAEKWONDO

"Designed for true athletes"

This uniform goes back to the roots of Taekwondo. We took the ribbed pattern from the original Taekwondo uniforms before the breathable fabric was introduced back in 2005 and in 2016.

Tusah was able to keep the original pattern, but infuse it with breathable fabric. Careful thought and time was spent on each detail of the uniform; from the embroideries to labels, designers made sure to add the extra effort to make this uniform stand out from the rest.

Childrens Sizes:160cm
Adults Sizes: 170cm-200cm
It was successfully showcased at the 2016 Rio Olympics.
